We thoroughly enjoyed our stay in your humble cottage. The place was super clean, there were heaps of towels, firewood, food and pillows. Friendliest reception ever! Great wifi and netflix! We were lucky enough to encounter Sally the cat. She was the cutest, friendliest and chilliest cat we've ever met - she made our great weekend even greater! Thank you for your hospitality. ♡. The problem with giving a great write-up is that we won't be able to keep this place as our secret for very long! It has been everything that we imagined it would be.

Matthew & Tina, you are great hosts. We've had the right mix of privacy with the odd chats, anything we needed was seen to immediately, and we've had complete freedom to share and explore all that this fantastic property has to offer. We've enjoyed the pool, the hot-tub, the wild life, the peaceful serenity and that view with al fresco dining - it's been amazing! We will certainly be back again - and soon!

Thanks Chris & Pam
